- Advise on duties for health and safety in the workplace;
- Help your organization to manage contractors;
- Work within a health and safety management system

- Positively influence health and safety culture and behaviour;
- Carry out a general risk assessment (using a 5-step approach) of your workplace;
- Recognize workplace changes and their impacts and understand how to minimize these impacts;
- develop basic safe systems of work that include emergency arrangements and know when to use a permit-to-work system;
- Take part in incident investigations; and
- Help your employer check the effectiveness of their health and safety management system through monitoring, auditing and review.

Benefits for employers

When you achieve the IGC, you will be a huge asset to your employer. You will make a real difference in the workplace. You will have the knowledge, understanding and skills to help protect the health and safety of all workers. You will also be able help your employer to comply with the law and good practice, as well as help them avoid the huge costs from incidents and ill-health.
